Statement to Regulation (EC) No 1907/2006 (REACH)

The company AVS Römer GmbH & Co. KG is a manufacturer of products (fittings and accessories, check, and flow control valves, automatic valves and accessories, etc.) and a downstream user for the purposes of the REACH Regulation.

As a downstream user, the company AVS Römer GmbH & Co. KG is not obliged to the registration under REACH.

The products we sell, are products within the meaning of REACH registration.

All chemical substances that we use in our products must be registered exclusively by our upstream suppliers.

Accordingly, to the best of our knowledge, our brass-free products contain no more than 0.1% by weight of substances, which are mentioned in the candidate list (SVHC, version of January 19, 2021) of the European Chemicals Agency (ECHA).

The packaging does not contain any of the substances (SVHC) listed in the list of candidates updated to the above-mentioned date of issue in concentrations greater than 0.1% by weight.
