Statement to Regulation (EC) No 1907/2006 (REACH)

The company AVS Römer GmbH & Co. KG is a manufacturer of products (fittings and accessories, check, and flow control valves, automatic valves and accessories, etc.) and a downstream user for the purposes of the REACH Regulation.

As a downstream user, the company AVS Römer GmbH & Co. KG is not obliged to the registration under REACH.

The products we sell, are products within the meaning of REACH registration.

All chemical substances that we use in our products must be registered exclusively by our upstream suppliers.

By products made of brass or which contain brass parts are concentrations of the following substances identified in the candidate list (SVHC, version of January 19, 2021) of the European Chemicals Agency (ECHA) higher than 0.1% by the total weight:

Name	CAS/EINECS	List	Date
Lead	CAS: 7439-92-1 EINECS: 231-100-4	SVHC	27.6.2018

The packaging does not contain any of the substances listed in the candidate list (SVHC) updated to the above-mentioned date of issue in concentrations higher than 0.1% by the total weight.
